Subject: Falcon Refinery - FSP Addendum 2
Date: Monday, October 06, 2014 2:52:55 PM

Brian,

I received a copy (hard and electronic) of Falcon's Field Sampling Plan Addendum 2 and have a question. The cover letter from EA states that this addendum updates the original FSP to incorporate samples collected during the October 2014 sampling event.

Is this document for my review or just my copy of the addendum?
